Welcome to DCR's Mt. Holyoke Range State Park

Mount Holyoke Range State Park is contiguous to J. A. Skinner State Park and together offers over 3,000 acres of park land. The park's mountain range has an east-west orientation that is primarily used for hiking and mountain biking.

It is part of the Massachusetts state park system and is managed by the Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs.

DCR oversees 450,000 acres of parks, forests, beaches, bike trails, watersheds, and dams. Its mission is to protect, promote, and enhance the state's natural, cultural, and recreational resources. To learn about DCR and to discover more parks and recreational opportunities within the Massachusetts state parks, visit www.mass.gov/dcr.
