

WORKPLACE SUPPORT IS JUST A PHONE CALL AWAY

“Beacon has been a terrific behavioral health partner to Neighborhood Health Plan and its GIC membership since 1996. Now even more GIC members across the Commonwealth will benefit from Beacon’s services.”

Deborah C. Enos

President and Chief Executive Officer,
Neighborhood Health Plan
of Massachusetts

The Group Insurance Commission sponsors wellness seminars and consultations for managers and supervisors.

Get the training you need to help your employees do their best work. Beacon Health Strategies offers an Employee Assistance Program with Susan Cooper as its coordinator. As a licensed independent clinical social worker, Susan can provide numerous services to managers and supervisors at no cost, including:

- Consultations on workplace concerns, such as low morale, personality conflicts and personal issues affecting work performance
- Wellness seminars, including managing stress and achieving a work-life balance
- Grief support
- Employee support groups, including caring for elderly parents
- Stress debriefing following a critical incident
