

Each district must maintain and provide rank-ordered lists of Title I students that list, from highest total selection criteria points to lowest, each student screened for targeted Title I assistance. Lists include selection score, indication of selection for service or not, and notation of any required services already provided (such as Special Education services or English language learner status). **To protect student confidentiality, please do not include student names if submitting this list to the Department for a Title I Program Review.**

This sample template is not an official Massachusetts Department of Elementary and Secondary Education document. It is provided only as an example.
