251 Causeway ST; Suite 500  
BOSTON, MA 02114-2151

**Note: There are no fees for ABN Pesticide Product Registrations. Do NOT submit New Product Registrations using this form or they will be returned.**

## **MASSACHUSETTS ABN PESTICIDE PRODUCT REGISTRATION APPLICATION: Instructions**

---

### **A. General Instructions for Completing the Pesticide Product Registration Form**

Before submitting the form, please make certain that all the information requested is clearly written in the spaces provided. Failure to properly and fully complete this form will result in the return of all registration materials. Please do NOT use this ABN product registration form for new product registrations.

There are no fees associated with Alternate Brand Name (ABN) registrations; therefore, the ABN registration applications must NOT be combined with New Product Registration Applications. Combining the different applications will result in the return of all registration materials. Fees do NOT apply to Alternate Brand Name products.

NOTE: The addition of a distributor number constitutes a different EPA Registration Number.

### **B. Application Submission Instructions**

Submit: One individually stapled packet, each including the following:

1. Completed Massachusetts Application for Alternate Brand Name (ABN) Registration.
2. Copy of final EPA approved product labeling, as provided on the product/packaging.
3. Material Safety Data Sheet (MSDS) for the new product.

If you are unsure of the current registration status of the primary registration, please contact the Pesticide Product Registration Specialist.

All Alternate Brand Name Registrations must be sent to the following address:

**Massachusetts Department of Agricultural Resources**  
**Pesticide Product Registration**  
**251 Causeway ST; Suite 500**  
**BOSTON, MA 0114-2151**

### **D. Pesticide Product Registration Process and Activity Period**

Pesticide product registration in Massachusetts is the responsibility of the Pesticide Board Subcommittee. All applications for registration will be processed as expeditiously as possible. Where practicable the Subcommittee shall approve and classify, or deny an application for registration within 90 days of receipt.

After the review and approval of an application, a certification of registration will be sent to the registrant. A registrant will receive written notification in the event that the Pesticide Board Subcommittee has amended or denied an application for registration.

The initial registration of a pesticide product shall be valid for a period beginning with the actual date of approval and ending on June 30th, unless it has been modified, suspended or revoked. Thereafter, the registration year will run from July 1 to June 30th of the subsequent year.

If you have any other questions, please feel free to contact Susie Reed, Pesticide Registration Specialist at 617-626-1778 or Steven Antunes-Kenyon, Pesticide Operations Coordinator at 617-626-1784.
