Bureau of Resource Protection – Reclaimed Water Use Permits

# BRP WP 84 Application for Permit for Reclaimed Water Use Instructions and Supporting Materials

---

## Table of Contents

- Introduction
- guidance
- permit application fact sheet
- completeness checklist

## Introduction

MassDEP *Permit Applications*, as well as *Instructions & Support Materials*, are available for download from the MassDEP Web site at [mass.gov/dep](http://mass.gov/dep) in two file formats: Microsoft Word™ and Adobe Acrobat PDF™. Either format allows documents to be printed.

*Instructions & Support Materials* files in Microsoft Word™ format contain a series of documents that provide guidance on how to prepare a permit application. Although we recommend that you print out the entire package, you may choose to print specific documents by selecting the appropriate page numbers for printing.

*Permit Applications* in Microsoft Word™ format must be downloaded separately. Users with Microsoft Word™ 97 or later may complete these forms electronically.

Permitting packages in Adobe Acrobat PDF™ format combine *Permit Applications* and *Instructions & Support Materials* in a single document. Adobe Acrobat PDF™ files may only be viewed and printed without alteration. *Permit Applications* in this format may not be completed electronically.

# BRP WP 84 Application for Permit for Reclaimed Water Use Guidance

---

*Reclaimed Water Use permit applications for which a treatment system is proposed or for which an existing treatment system is to be modified must include an engineering report with Certification Statement regarding wastewater treatment. The engineering report and plans & specifications shall be **stamped and signed** by a Massachusetts Registered Professional Engineer.*

*Submission of plans & specifications for the proposed reclaimed water treatment facility to the MassDEP may be required to be submitted with the application or at any time during the application's review. In all cases, formal submission of the final plans and specifications will be required by 90 days prior to the start up of the approved facility.*

*A Certification Statement of the plans & specifications is required to be submitted with the application.*

## Engineering Report Requirements

The engineering report shall include, at a minimum, the following items:

- a. a general description of the facility (condominium, office park, laundromat, municipal system, etc.);
- b. a description of the number of employees and/or residents, bedrooms, apartments, elderly housing units, shifts and days of operation per week;
- c. a listing of raw materials used, such as but not limited to, chemicals, cleaning products, petroleum products, etc;
- d. a description of the sources of water supply including quantity and quality requirements;
- e. an identification of the sources of all sanitary and industrial wastes streams together with the quantity of flow and waste stream characteristics, including seasonal flow fluctuations, if any. In accordance with 310 CMR 30.302, a determination of whether any industrial waste stream is a hazardous waste stream shall be made for each industrial waste stream;
- f. a description of any by-product recovery systems;
- g. a listing and description of wastewater treatment studies performed;
- h. a description of liquid waste flow control measures;
- i. a description of any existing wastewater treatment system, including all design parameters;
- j. a description of the proposed uses of reclaimed water;
- k. a description of any anticipated new processes;
- l. a description of the proposed effluent quality;
- m. a listing and evaluation of wastewater treatment alternatives capable of meeting applicable effluent quality;

# BRP WP 84 Application for Permit for Reclaimed Water Use Guidance

---

- n. a narrative description of the recommended plan for a wastewater treatment facility, based upon the preceding evaluation, with detailed design criteria, including flows and loads, number and size of unit processes and appurtenant facilities, unit loading, and a preliminary layout;
- o. a hydraulic profile in graphic form, on a sheet no larger than 11 inches by 17 inches, including the final effluent disposal area with water surface elevations at average, peak, and low flow conditions;
- p. a flow schematic, on a sheet no larger than 11 inches by 17 inches, including return lines, chemical feed lines, and sampling points;
- q. a description of redundancy requirements, including alternate means of effluent disposal when the reclaimed water system is not in use;
- r. a discussion whether this is the initial phase of a larger project and, if so, how the design will accommodate future phases;
- s. a description of odor control provisions, as necessary;
- t. a description of safety provisions;
- u. a description and location of all chemicals stored, including spill containment provisions;
- v. an implementation schedule for the recommended plan;
- w. treatability and pilot study data on the ability of the proposed treatment system to treat the proposed discharge and meet applicable federal, state, and local requirements;
- x. an examination of the potential impact of any proposed discharge on municipal and private water supply wells, or POTW's, or surface water, whichever is applicable.
- y. a description of how the proposed reclaimed water system complies with the applicable requirements of 248 CMR 10.00: Uniform State Plumbing Code

The engineering plans and specifications of a proposed wastewater treatment facility (not to be submitted until 90 days prior to the startup of the facility) shall include, at a minimum, the following:

- a. materials of construction and specifications for all wastewater treatment system components;
- b. materials of construction and specifications for all wastewater collection system components;
- c. specifications for all instrumentation and alarms;
- d. a site plan and general plant layout;
- e. plan views and profile views, including dimensions showing existing and proposed piping and processing units related to wastewater collection, treatment, and disposal.

# BRP WP 84 Application for Permit for Reclaimed Water Use Permit Application Fact Sheet

---

## 1. What is the purpose of these permits?

These permits are required for the use of reclaimed water. The permit will include both the reclaimed water treatment and the transmission facilities. These permits serve to protect the public health, welfare, and the environment through the control of these discharges onto or into the ground.

Statutory authority for this permit is stated in MGL Chapter 21 Section 43. Regulatory authority for these permits is stated in 314 CMR 20.00.

## 2. Who must apply?

- **BRP WP 84** Any person (individual, business or organization) who proposes to construct, install, modify operate or maintain a reclaimed water system.

Please note: A filing under this permit category will not be necessary if the project has a permit that regulates the reclaimed water usage. For example, if a project proposes to use reclaimed water for irrigation or for toilet flushing combined with the disposal of additional flow to the ground, then a groundwater discharge permit issued under 314 CMR 5.00 will be required. Conversely, if a facility with an existing NPDES permit proposes to use reclaimed water as industrial boiler feed or send to a powerplant for cooling water, then a reclaimed water permit issued under 314 CMR 20.00 will be required.

If the BRP WP 84 category does not apply to you, please be advised there are other permit categories for discharges to the ground or to surface water. Please consult regulations 310 CMR 4.00, 314 CMR 3.00, 314 CMR 5.00, and 314 CMR 7.00 to determine whether another category may apply to you.

## 3. What other requirements should be considered when applying for these permits?

### a. What prerequisites should be considered before applying for these permits?

Permits of this type may require MEPA review. Please carefully examine 301 CMR 11.00, the MEPA Regulations, to determine if your project exceeds the MEPA review thresholds, or for more information contact the MEPA Unit of the Executive Office of Environmental Affairs (100 Cambridge Street, Suite 900, Boston, MA 02114; (617-626-1020). *MassDEP cannot complete technical review of the permit application until the MEPA process has been concluded.* Copies of MEPA filings (with reference to any applicable Transmittal numbers) should be sent to the appropriate program offices in Boston and the MEPA Coordinator in the appropriate Regional Office.

### b. What concurrent applications are related to these permits?

- The local Board of Health may have regulations which apply.
- Application for operator certification/facility rating in accordance with 257 CMR 2.00 is required.

**Note:** These additional requirements are intended to serve as a guide to the applicant. They do not necessarily include all additional requirements.

# BRP WP 84 Application for Permit for Reclaimed Water Use

## Permit Application Fact Sheet

---

#### 4. Where should the application be sent?

The **application form with signature** should be sent to the Wastewater Management Program at the appropriate MassDEP Regional Office (Primary Permit Location). Please include a copy of the entire application package on compact disc with your application.

Find your region at: <http://www.mass.gov/eea/agencies/massdep/about/contacts/>

A **copy of the MassDEP Transmittal Form and the Fee** for the application should be sent to:

Department of Environmental Protection  
P.O. Box 4062  
Boston, MA 02211

#### 5. What is the application fee?

BRP WP 84 Reclaimed Water .....\$5,000

#### 6. Where can I get a copy of the timelines?

The timelines are available on the MassDEP Website:

<http://www.mass.gov/eea/agencies/massdep/service/approvals/timely-action-fees-and-payments.html>

#### 7. What is the annual compliance fee?

Once coverage under the General Permit is granted, the permittee will be responsible for paying an Annual Compliance Assurance Fee (ACF) as required by 310 CMR 4.00. Current Annual Compliance Fees can be found on the MassDEP Website at: <http://www.mass.gov/eea/agencies/massdep/service/approvals/timely-action-fees-and-payments.html>. Please be advised, failure to make timely payment of an ACF may result in the revocation of this permit and the denial of any other pending permit application that you have filed with MassDEP. In addition, if you owe any past due ACF for any MassDEP permit, this permit application may be denied under M.G.L. c. 21A, sec.18.

#### 8. How long are these permits in effect?

Permits shall be effective for a fixed term, which will not exceed 5 years. The MassDEP may issue a permit for a lesser duration.

#### 9. How can I avoid the most common mistakes made in applying for these permits?

a. Answer all questions on the application form and indicate "not applicable" (N/A) where appropriate.

b. Applications for BRP WP 84 must include:

1) A complete engineering report stamped and signed by a Massachusetts Registered Professional Engineer.

2) Certification Statement for the engineering report and plans and specifications.

<http://www.mass.gov/eea/agencies/massdep/water/approvals/wastewater-forms.html>

Massachusetts Department of Environmental Protection  
Bureau of Resource Protection – Reclaimed Water Use Permits

# BRP WP 84 Application for Permit for Reclaimed Water Use Permit Application Fact Sheet

---

- 3) A complete and signed Applicant Certification for Reclaimed Water Use Permits (Section G. of the Individual Permits application form).
  - 4) A Reuse Management Plan describing the proposed reclaimed water system, including, but not limited to, volume and proposed classification of the reclaimed water, description of the reclaimed water distribution system, and the location of each reuse site.
  - 5) A Service and Use Agreement between the legal entity who has a reclaimed water system permit issued by MassDEP and any other entity who uses, sells, distributes or offers for use, sale or distribution the reclaimed water produced by said system.
- c. Submit fee and one copy of the MassDEP Transmittal Form to:

Department of Environmental Protection  
PO Box 4062  
Boston, MA 02211

## 10. What are the regulations that apply to these permits? Where can I get copies?

These regulations include, but are not limited to:

- a. Reclaimed Water Permit Program and Standards, 314 CMR 20.00.
- b. Timely Action and Fee Provisions, 310 CMR 4.00.
- c. Administrative Penalty Regulations, 310 CMR 5.00.

These may be purchased at:

**State House Bookstore**  
Room 116  
Boston, MA 02133  
617-727-2834

**State House West Bookstore**  
436 Dwight Street  
Springfield, MA 01103  
413-784-1376

# BRP WP 84 Application for Permit for Reclaimed Water Use Application Completeness Check List

To avoid delays in the application review process, please include the following items with the application:

- The completed MassDEP Transmittal Form:  
<http://www.mass.gov/eea/agencies/massdep/service/approvals/transmittal-form-for-payment.html>  
If the applicant is a municipality, "Fee Exempt" has been selected from among the Special Provisions under the Amount Due section of the Transmittal Form.
- The Reclaimed Water Use Permit Application Form properly filled out and signed by the applicant.
- Engineering Report.
- Certification Statement for the engineering report and plans & specifications.  
<http://www.mass.gov/eea/agencies/massdep/water/approvals/wastewater-forms.html>
- Reuse Management Plan.
- Service & Use Agreement, if applicable.
- Section G., Applicant Certification for Reclaimed Water Use Permits, has been completed and signed.

To submit the application package:

- Include all checklist items listed above
- Send original application along with one copy from the MassDEP Transmittal form to:

Department of Environmental Protection  
\_\_\_\_\_ \* Regional Office

Wastewater Management Program

\*Find your region: <http://www.mass.gov/eea/agencies/massdep/about/contacts/>

Please include a copy of the entire application package on compact disc with your application.

- Send fee of:

\$5,000 for BRP WP 84 in the form of a check or money order made payable to *Commonwealth of Massachusetts*, along with one copy from the MassDEP Transmittal Form to:

Department of Environmental Protection  
P.O. Box 4062  
Boston, MA 02211

**Please be advised, upon issuance of this permit, you will be responsible for paying the Annual Compliance Assurance Fee (ACF) as required by 310 CMR 4.00. Failure to make timely payment of an ACF may result in the revocation of this permit and the denial of any other pending permit application that you have filed with MassDEP. In addition, if you owe any past due ACF for any MassDEP permit, this permit application may be denied under M.G.L. c. 21A, sec.18.**

## B. Project Information (cont.)

4. Is the discharge for this facility within:
- a. The Zone I, Zone A, Zone II, or Interim Wellhead Protection Area of a public water supply?  
 Yes       No
  - b. A private water supply area?  
 Yes       No
  - c. A sole source aquifer?  
 Yes       No
  - d. 100 feet of an Outstanding Resource Water designated in 314 CMR 4.00, a Special Resource Water designated in 314 CMR 4.00, a cold-water fishery as defined in 314 CMR 9.02, a bathing beach as defined in 104 CMR 445.000, or a shellfish growing area as defined in 314 CMR 9.02?  
 Yes       No
  - e. A nitrogen-sensitive area as designated by the Department in accordance with 310 CMR 15.215?  
 Yes       No
  - f. An area where the Department has determined based on a Total Maximum Daily Load or other technical report that more stringent effluent limits than those set forth in the General Permit are required to achieve or maintain compliance with the Massachusetts Surface Water Quality Standards, 314 CMR 4.00?  
 Yes       No
5. Improvements - Are you required by any Federal, State or local authority to meet any implementation schedule for the construction, upgrading or operation of wastewater treatment equipment or practices or any other environmental programs which may affect the discharges described in this application? This includes, but is not limited to, permit conditions, administrative or enforcement orders, enforcement compliance schedule letters, stipulations, court orders, and grant or loan conditions.  
 Yes       No

If yes, answer the following:

Description:  
\_\_\_\_\_

Identification No. of Affected Treatment Facility \_\_\_\_\_

Description of Project  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

Final Compliance Date \_\_\_\_\_

6. Has a hydrogeologic study been performed to determine the potential impact on the groundwater of the discharge or activity?

Yes - Application Transmittal \_\_\_\_\_ Date of \_\_\_\_\_  
Number: Approval:

**Please attach copy of the DEP Hydrogeologic Report Approval Letter.**

No – **STOP: Please Note:** *In accordance with 314 CMR 5.09, these permit categories may require that a Hydrogeological Evaluation be submitted to the Department prior to the submittal of the permit application. Please see the application form and instructions for BRP WP 83.*

7. Are there any groundwater monitoring wells currently in place in the vicinity of the discharge or proposed discharge?

Yes **If yes, please attach information on the type and location of the wells and available monitoring data.**

No

8. Have plans and specifications for the treatment works been approved (see instructions) by the Department or if approved prior to July 1975, by the Department of Public Health?

Yes **If yes, please attach copy of plans and specifications and approval letter.**

No

---

### C. Facility Information (cont.)

B. Are any hazardous wastes generated?

Yes       No

9. Does or will the treatment/disposal facility receive industrial wastes?

Yes       No

10. Location of Facility:

A. GPS Coordinates:

1) Enter Latitude and Longitude to the nearest whole second for both the wastewater treatment facility and the effluent disposal area.

Latitude: \_\_\_\_\_ Longitude: \_\_\_\_\_

2) Provide a narrative description of the site and the feature to be permitted. As an example: "The site is on the west side of Main Street, the third building north of High Street. The disposal field lies 100 feet off the southwest corner of the building."

3) Attach a site map based on the MassGIS Coordinate Information Tool that clearly indicates the site. The Coordinate Information Tool is available at [http://maps.massgis.state.ma.us/images/dep/xyinfo/get\\_xy.html](http://maps.massgis.state.ma.us/images/dep/xyinfo/get_xy.html).

B. Provide a topographic map or maps of the area extending at least to one mile beyond the property boundaries of the facility which clearly show the following:

- 1) The legal boundaries of the facility;
- 2) The location and serial number of each of your existing and proposed intake and discharge structures;
- 3) All hazardous waste management facilities;
- 4) All springs and surface water bodies in the area, plus all drinking water wells within one mile of the facility which are identified in the public record or otherwise known to you.
- 5) All Zone II's or IWPA's.

If an intake or discharge structure, hazardous waste disposal site, or injection well associated with the facility is located more than one mile from the plant, include it on the map, if possible. If not, attach additional sheets describing the location of the structure, disposal site, or well, and identify the U.S. Geological Survey (or other) map corresponding to the location.

**BRP WP 84** Individual Permit for Reclaimed Water Use

**BRP WP 85** Individual Permit for Other Groundwater Discharges

**C. Facility Information (cont.)**

C. Please list any public or private drinking water supply wells within 2,500 feet of the discharge area:

Well Location	Type of Well (Public/Private)	Status (Active/Inactive)	Safe Yield
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

11. Water Supply Data

A. List sources of water supply and annual water consumption for the past five years.

Water Sources	Year 1	Year 2.	Year 3.	Year 4.	Year 5.
1. _____	_____	_____	_____	_____	_____
2. _____	_____	_____	_____	_____	_____
3. _____	_____	_____	_____	_____	_____
Total:	_____	_____	_____	_____	_____

B. Please show the location of your water sources on the map described in question 10.

**D. Additional Information for Reclaimed Water Use (WP 84)**

1. Has a Reuse Management Plan been prepared?

Yes **If yes, please attach copy.**

No

2. Will the reclaimed water be used by persons other than the permittee?

Yes **If yes, a Service & Use Agreement must be submitted with the application.**

No

**Massachusetts Department of Environmental Protection**

Bureau of Resource Protection – Individual Permits

Groundwater Discharge Permits,  
Reclaimed Water Use Permit or  
Permit Renewal/Modification

Transmittal Number #

Facility ID/Permit # (if  
known)

Application for Permit to Discharge to Groundwaters of the Commonwealth or for  
Reclaimed Water Use

**BRP WP 11** Individual Permit Renewal/Modification with Plan Approval

**BRP WP 12** Individual Permit Renewal/Modification without Plan Approval

**BRP WP 79** Individual Permit for Groundwater Discharge from a Sewage  
Treatment Plant

**BRP WP 84** Individual Permit for Reclaimed Water Use

**BRP WP 85** Individual Permit for Other Groundwater Discharges

**D. Additional Information for Reclaimed Water Use (WP 84) (cont.)**

3. Has the reclaimed water system been prepared in accordance with all applicable requirements of 248  
CMR 10.00: Uniform State Plumbing Code?

Yes

No

4. List the Reclaimed Water Use(s) as defined by 314 CMR 20.17.

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

**E. Additional Information for Other Groundwater Discharges (WP 85)**

1. Flows, Sources of Pollution and Treatment Technologies

A. Attach a line drawing showing the water flow through the facility. Indicate sources of intake water,  
operations contributing wastewater to the effluent, and treatment units labeled to correspond to  
the more defined descriptions in Item E.1.B. Construct a water balance on the line drawing by  
showing average flows between intakes, operations, treatment units and outfalls. If a water  
balance cannot be determined provide a pictorial description of the nature and amount of any  
sources of water and any collection or treatment measures.

B. For each discharge, provide a description of:

- 1) All operations contributing wastewater to the effluent, cooling water and runoff;
- 2) The average flow contributed by each operation; and
- 3) The treatment received by the wastewater. (Attach additional sheets if necessary.)
- 4) With the exception of storm water runoff, leaks, or spills please note if any of the  
discharges described are intermittent or seasonal.

**Operations Contributing to Flow:**

Identification Number	Operations	Average Flow	Treatment
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

**BRP WP 79** Individual Permit for Groundwater Discharge from a Sewage  
Treatment Plant

**BRP WP 84** Individual Permit for Reclaimed Water Use

**BRP WP 85** Individual Permit for Other Groundwater Discharges

**E. Additional Information for Other Groundwater Discharges (WP 85)**

2. Effluent Limitations:

- A. List any pollutant you know or have reason to believe is discharged or may be discharged from the treatment facilities. For every pollutant you list, briefly describe the reason you believe it to be present, its approximate concentration in the discharge and any analytical data in your possession, which will support your statement. Additional wastewater analysis may be required as part of this application.

Pollutant	Concentration	Source	Available Data
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

- B. Are your operations such that your raw materials, processed, or products can reasonably be expected to vary so that your discharges of pollutants may during the next five years exceed three times the approximate concentrations reported in item 2A?

Yes (please explain)       No

\_\_\_\_\_  
\_\_\_\_\_

- C. Are you planning on adding any new processes over the next five years?

Yes (please specify)       No

\_\_\_\_\_  
\_\_\_\_\_

- D. Are organic compounds used at your facility?

Yes (please explain)       No

2. Based on the foregoing (select either a or b):
  - a.  I hereby certify that I have fully and completely satisfied and complied with each and every requirement set forth in 314 CMR 5.15 (1), (2), and (3), as applicable to the existing or proposed privately owned wastewater treatment facility (“PWTF”), for an individual permit issued under 314 CMR 5.00 to construct, install, modify, operate and maintain a PWTF; and will continue to do so until a final decision on this application has been issued by the Department and, if this application is approved, will do so thereafter in accordance with permit conditions.
  - b.  I hereby acknowledge that no later than sixty (60) days from the date of this application, unless I request in writing and the Department agrees in writing to a later date, and in any case prior to the issuance of a notice of a draft permit pursuant to 314 CMR 2.06, “Public Notice and Comment,” I am required to submit to the Department a fully signed and dated **Supplemental Applicant Certification** (Appendix A), which will include the certification in paragraph 2a, above, and the other paragraphs of this section F.
3. I shall maintain a copy of all records, regardless of form (e.g., both printed and electronic) upon which I rely in making the certifications in this Section F, until a final decision on this application has been issued by the Department and, if this application is approved, will do so thereafter in accordance with permit conditions. Such records shall include without limitation all documents described in paragraph 1, above, and any supporting documentation provided to me by, or relied upon by, such qualified professionals as I may consult in certifying as to the information set forth in paragraph 2, above.
4. I am aware that submitting a false and misleading certification could lead to modification, suspension, or revocation of any permit granted pursuant to this application, as set forth in 314 CMR 5.12.
5. I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my diligent inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
6. I will be responsible for publication of public notice of the applicable permit proceedings identified under 314 CMR 2.06(1)(a) through (d).

### G. Applicant Certification for Reclaimed Water Use Permit BRP WP 84

1. I hereby acknowledge that it is my responsibility:
  - a. to ensure that I understand the “Requirements for Privately Owned Reclaimed Water Systems” set forth at 314 CMR 20.14(1) and in related provisions of the Reclaimed Water Permit Program regulations, 314 CMR 20.00, before I provide the certification in paragraph 2, below;
  - b. to ensure that I have compiled, evaluated and/or established all pertinent documents, instruments, records and information necessary to provide the certification in paragraph 2, below; and
  - c. to consult with legal, technical and other qualified professionals, as necessary for me to understand and comply with the above requirements and to make the certification in paragraph 2, below.
2. Based on the foregoing (**select either a or b**):
  - a.  I hereby certify that I have fully and completely satisfied and complied with each and every requirement set forth in 314 CMR 20.14(1), as applicable to the existing or proposed reclaimed water system, for a permit issued under 314 CMR 20.00; and will continue to do so until a final decision on this application has been issued by the Department and, if this application is approved, will do so thereafter in accordance with permit conditions.
  - b.  I hereby acknowledge that no later than sixty (60) days from the date of this application, unless I request in writing and the Department agrees in writing to a later date, and in any case prior to the issuance of a notice of a draft permit pursuant to 314 CMR 2.06, “Public Notice and Comment,” I am required to submit to the Department a fully signed and dated **Supplemental Reclaimed Water Applicant Certification** (Appendix B), which will include the certification in paragraph 2a, above, and the other paragraphs of this Section G.
3. I shall maintain a copy of all records, regardless of form (e.g., both printed and electronic) upon which I rely in making the certifications in this Section G, until a final decision on this application has been issued by the Department and, if this application is approved, will do so thereafter in accordance with permit conditions. Such records shall include without limitation all documents described in paragraph 1, above, and any supporting documentation provided to me by, or relied upon by, such qualified professionals as I may consult in certifying as to the information set forth in paragraph 2, above.
4. I am aware that submitting a false and misleading certification could lead to modification, suspension, or revocation of any permit granted pursuant to this application, as set forth in 314 CMR 20.19.
