**216 N King St**

**Northampton, Ma 01060**

**413 582 9500**

**413 585 1410**

2. Are there specific services within Mental Health & Substance Abuse that you would like to see studied, and were not already included in the list of services on page 6? Please describe with as much specificity as possible. Please indicate how they can be addressed through health resource planning.

3. Given the importance of prevention and also “post-acute” services for mental health & substance abuse, what critical evidence-based services & programs are available, should be expanded, or need to be developed? Are there specific models you suggest we study?

Home Care—We have been able to stabilize a majority of our patients. I think that the role of Home Care would be an important step in maintaining patient compliance and independence and reduce ED visits and hospital admissions.

Alice Gmyrek, Director  
Servicenet Home Care
