

Low Volume PSS Hospitals (2008 – 2009)

The tables below list PSS hospitals that received 5 or less patients considered eligible¹ for IV-tPA in the two year period 2008 to 2009. Due to MA Department of Public Health standards for patient confidentiality, we are unable to provide hospital specific performance rates for these hospitals. The last 3 columns list which of the 3 peer groups the hospital falls into.
