House of Correction Enrollment Assessment Manual
For House of Correction Enrollment Assessment Form Version 5

2016

<i>Introduction</i>	4
Why Do We Collect this Data and Why is Accuracy Important?	4
Goals and Objectives	4
Client Confidentiality.....	5
Interview Assumptions	6
House of Correction Enrollment Assessment	7
▶ Enrollment Date	7
▶ ESM Client ID	7
Provider ID.....	7
First Name/Middle Initial/Last Name/Suffix	7
▶ 1. Client Code	7
▶ 2. Intake/Clinician Initials.....	8
▶ 3. Do you own or rent a house, apartment, or room?.....	8
4. Are you ‘Chronically Homeless’?	8
▶ 5. Enter the Zip Code of the Person’s Last Permanent Address:.....	9
▶ 6. Where did you stay last night?.....	9
▶ 7a. Do you consider yourself to be transgender?.....	9
7b. If you answered ‘Yes’ to Question 7a, you must answer Question 7b.	9
▶ 8. With what sexuality do you identify?	10
▶ 9. Number of days between initial contact with the Program and the first available appointment or bed availability: (<i>Unknown = 999</i>).....	10
▶ 10. Source of Referral	10
▶ 11. Frequency of attendance at self-help programs	10
▶ 12. Client Type.....	10
13. Additional Client Type(s)	11
▶ 14. Do you have children?	12
14a. Number Children Under 6	12
14b. Number of Children 6-18.....	12
14c. Children Over 18.....	12
14d. Are any of your children of the Native American race? (i.e., American Indian)	12
▶ 15. Are you the primary caregiver for any children?.....	12
▶ 16. Employment at the time of Enrollment.....	13
▶ 17. Number of days worked last 30 days	13
▶ 18. Where do you usually live?	13
▶ 19. Who do you live with?	14
▶ 20. Use of Mobility Aid	14
▶ 21. Vision Impairment	14
▶ 22. Hearing Impairment	14
▶ 23. Self-Care/ADL Impairment.....	14
▶ 24. Developmental Disability.....	14
▶ 25. Prior Mental Health Treatment.....	15
▶ 26. In last 12 months, any prescription medication to treat a mental or emotional condition?	15
▶ 27. Number of prior enrollments/admissions to each substance abuse treatment modality.	15
▶ 28. Currently receiving services from state agency(ies)	17

▶29. Number of arrests in the last 30 days	17
▶30. History – Substance Mis-Use / Nicotine/Tobacco / Gambling	18
31a. Number of cigarettes currently smoked per day	20
31b. Interest in stopping nicotine/tobacco use	20
32a. Types of last regular gambling prior to incarceration.....	20
32b. Have you ever thought you might have a gambling problem or been told you might?.....	20
▶34. Last Needle Use.....	21
▶35a.How many overdoses have you had in your lifetime?.....	21
▶35b.How many overdoses have you had in the past year?.....	21

Introduction

The Department of Public Health (DPH), Bureau of Substance Abuse Services (BSAS) collects client and service data via the Executive Office of Health and Human Services (EOHHS) business application, Enterprise Invoice Management-Enterprise Service Management (EIM-ESM), which is accessed through the web-based EOHHS Virtual Gateway.

Why Do We Collect this Data and Why is Accuracy Important?

At least half of the funding for substance abuse services is Federal. BSAS reports to the Substance Abuse and Mental Health Services Administration (SAMHSA).

- ❖ It is a federal reporting requirement that we submit this data to SAMHSA
 - The data submitted to SAMHSA is referred to as the Treatment Episode Data Set (TEDS)
 - TEDS is the **ONLY** national client-level database on substance abuse treatment
 - ➡ The data is used by federal policymakers, researchers, and many others
 - It provides data for trend analysis, understanding characteristics of persons admitted to substance abuse treatment and client outcomes
 - It includes information on all clients admitted to programs that receive public funds
- ❖ Performance Management
 - Level of Care Management meeting process
 - Development of provider feedback reports
 - ➡ Business Decision Support
 - ➡ Analysis to determine client outcomes and to promote best practices

EIM-ESM is designed to provide timely and comprehensive reports on client characteristics at Intake and Enrollment, client status at Disenrollment, and client change between the beginning and end of the treatment episode. The data system can be used to monitor treatment time and readmission rates for the same or different substance abuse problems. An important dimension of the system is that client and fiscal information systems use the same database. As a result, program managers may obtain detailed information on the type and amount of services provided and the cost of services to specific client groups.

Goals and Objectives

The primary goal of the EIM-ESM data collection by the Bureau of Substance Abuse Services is to enhance fiscal and program management. To achieve that goal, the system has eight objectives:

1. Provide unduplicated client count
2. Provide count of client enrollments
3. Monitor usage patterns
4. Provide timely reports on client characteristics
5. Verify billing and suspend payment if necessary
6. Compute utilization rates
7. Produce budget status reports
8. Facilitate treatment and recidivism studies

Client Confidentiality

The Bureau realizes that there is concern as to client confidentiality because client names and other identifying information such as Social Security numbers (SSN) are collected by EIM-ESM. Not only does the Bureau adhere to the provision governing the confidentiality of alcohol and drug abuse patient records (Code of Federal Regulations, Chapter 42, Part II), but in addition the data is protected by HIPAA and by the Massachusetts Fair Information Practices Act. The data qualify as medical records and, therefore, cannot be requested as “public records”.

The EIM-ESM security measures are robust. It is an award winning security system. The way in which the information is stored is fragmented so is not relatable. In addition, the Department of Public Health’s Legal Office determined that BSAS staff, including any research or analytic staff, should have no access to the EIM-ESM interface, unless required to meet their job responsibilities – Provider Support and Technical Assistance. The very few that do have access to the interface not only abide by the strictest of Confidentiality Agreements but are housed in locked offices to assure that no one might accidentally view any part of the interface.

In addition, there is a Qualified Service Organization Agreement (a signed and dated document describing the agreed upon terms of a service relationship between the licensee and the qualified service organization, which meets the requirements of 42 CFR Part 2), between DPH and EOHHS which assures that access to client screens is not permitted by any EOHHS staff supporting the EIM-ESM application.

Why is the collection of identifying information so important?

Without it the Bureau could not meet its goals: provide unduplicated client count, provide count of client enrollments, monitor usage patterns, provide timely reports on client characteristics, verify billing and suspend payment if necessary, compute utilization rates, produce budget status reports, and facilitate treatment and recidivism studies; without which accurate client outcomes would not be available to enhance treatment opportunities.

EIM-ESM also limits access to a client’s enrollment information and substance abuse assessment information to the organization that is treating the client and holds the consent to enter the data into EIM-ESM.

Only the enrolling agency can see that the client is enrolled in a BSAS Program.

Tips

- Never email client names when contacting DPH for TA
- Never use the client name when on a phone call with DPH for TA

Interview Assumptions

The BSAS Intake and Assessments interviews are based on two important assumptions:

- 1. The Bureau's Intake/Assessment interviews are not designed as clinical interviews.**
Although general descriptions of client status are obtained, the detail required for a comprehensive analysis of the client's substance abuse and related problems is not elicited. Programs, therefore, are expected to conduct more detailed clinical interviews. Collection of the Assessment data can be a part of the more comprehensive clinical interview.
- 2. Many of the interview items are designed as prompts.**
A specific question format is not provided. Clinicians are free to ask the questions in their own style and format. The only constraint is that all required questions must be asked and an answer provided even when it is "unknown" or "refused".

House of Correction Enrollment Assessment

All questions marked with ► are required and must be completed.

► Enrollment Date

Enter the day that the client was enrolled/admitted to the program (Services Rendered). Enter the date using the MM/DD/YYYY format. MM must be 01 through 12 and DD must be 01 through 31 (e.g. 06/01/2007).

- Although the enrollment date will be automatically displayed when the Enrollment Assessment is opened for completion, this date does not have to be entered again, however, its inclusion on the form validates data quality in the client record and in the system.

► ESM Client ID

The Client ID is automatically assigned when the client is entered into the ESM-EIM system. This number should be recorded on the Intake form *after the data is entered* into EIM-ESM system. As the Bureau does not have access to client names, this is helpful information to have in the client record when verifying the data in the system or when communicating with the Bureau regarding the specific client's case and/or billing.

Provider ID

This field is to be used by the provider in any way that is helpful to them in the management of client records. This is not entered into the EIM-ESM system.

First Name/Middle Initial/Last Name/Suffix

While the client name is only entered into the Application at Intake, writing the full legal names on the Enrollment and Disenrollment Assessment forms is good record management.

►1. Client Code

The Client Code is a five character code composed of capital letters from the individual's full name:

1. First letter of the client's first name
2. Third letter of the client's first name
3. Middle initial (If none, enter 4)
4. First letter of the client's last name
5. Third letter of the client's last name

The Client Code was used to monitor multiple enrollments across years when EIM-ESM was not implemented and there was no unique Client ID assigned by a system. This is also used by the Federal funding source, The Center for Substance Abuse Treatment, CSAT, to link records across years when monitoring substance abuse treatment utilization and trends.

If the individual's first or last name does not have three letters, use a 4 in place of the third letter. Be sure to base the Client Code on the individual's *full legal name*. Do not use shortened names, such as Bill for William or nicknames such as Buddy. Also, try to obtain the middle initial. Taking these steps will ensure the quality of data analysis where the Client Code is being used, in part, to uniquely identify clients.

►2. Intake/Clinician Initials

Enter the initials of the clinician who conducted the enrollment assessment interview.

►3. Do you own or rent a house, apartment, or room?

Check only one box. Select either 'Yes' or 'No'

This refers to the client's living situation prior to incarceration!

If the individual answers 'Yes' to Question 3, Skip Question 4 and go to Question 5.
If the individual answers 'No' to Question 3, they must answer Question 4.

4. Are you 'Chronically Homeless'?

Check only one box. Select either 'Yes' or 'No'

Did the client fit the description just prior to incarceration?

Read the HUD definition of a chronically homeless person **before** answering this question.

HUD definition of a chronically homeless person:

'A person who is 'chronically homeless' is an unaccompanied homeless individual with a disabling condition who has either been continuously homeless for a year or more OR has had at least four (4) episodes of homelessness in the past three (3) years. In order to be considered chronically homeless, a person must have been sleeping in a place not meant for human habitation (e.g. living on the streets) and/or in an emergency homeless shelter.' A disabling condition is defined as 'a diagnosable substance use disorder, serious mental illness, developmental disability, or chronic physical illness or disability, including the co-occurrence of two or more of these conditions.' A disabling condition limits an individual's ability to work or perform one or more activities of daily living. An episode of

homelessness is a separate, distinct, and sustained stay on the streets and/or in an emergency homeless shelter. A chronically homeless person must be unaccompanied and disabled during each episode.'

►5. Enter the Zip Code of the Person's Last Permanent Address:

Do Not put zip code of Program.

This is the person's last **PERMANENT** address. They may be homeless in Boston but their last permanent address goes back a year or more to a family residence.

- If the client's address type is homeless now, this would have been captured on the Intake Form.
- This question serves to show the migration of populations and if people have to leave one area in order to obtain services.

►6. Where did you stay last night?

Check one of two choices. If 'Other' is selected specify the place.

The choices are:

- 7** Jail, prison or juvenile detention facility
- 15** Other specify _____

►7a. Do you consider yourself to be transgender?

Check only one box.

The choices are:

- Yes
- No
- Refused

7b. If you answered 'Yes' to Question 7a, you must answer Question 7b.

Check only one box. If 'Other' is selected, please specify: (e.g. Intersex)

The choices are:

- Male to Female
- Female to Male
- Other, specify _____

►8. With what sexuality do you identify?

Check only one box. If 'Other' is selected, please specify: (e.g. Queer)

The choices are:

- Heterosexual
- Gay/Lesbian
- Bisexual
- Other, specify _____
- Refused

►9. Number of days between initial contact with the program by the client or someone on behalf of the client and the first available appointment or bed availability: (Unknown = 999)

- Count the number of days starting from the day the client requested the program (or staff) until admission to the program.
- The purpose of this question is to monitor waiting lists and capacity needs.
- Please note: This is the only instance when 'Unknown' is coded as 999, at all other times it will be 99.

►10. Source of Referral

Enter '65' – House of Correction

►11. Frequency of attendance at self-help programs

Record the number of times a client reports having attended a self-help program (e.g. AA, NA etc...) in the 30 days prior to Enrollment in the program.

The choices are:

- 01** - No attendance in the past month
- 02** - 1-3 times in past month (less than once per week)
- 03** - 4-7 times in past month (about once per week)
- 04** - 8-15 times in past month (2 or 3 times per week)
- 05** - 16-30 times in past month (4 or more times per week)
- 06** - Some attendance in past month, but frequency unknown
- 99** – Unknown

Include meetings attended while incarcerated and community meetings attended prior to incarceration if incarcerated less than 30 days.

►12. Client Type

Always check 'Primary'.

13. Additional Client Type(s)

Check **all** that apply.

The choices are:

- New Student:** Clients enrolled in any type of formal/vocational education.
- Pregnant:** Clients pregnant at the time of enrollment.
- Postpartum:** Postpartum is defined as the period between delivery and up to one year post delivery.
- Change Veteran/Any Military Service:** Any person who has served in any branch of the U.S. Military.
- Prison(House of Correction): Always check.**
- New Methadone:** A client currently prescribed methadone by an Opioid Treatment Program to treat their opioid addiction. This includes clients who are receiving their dosing outside the program in which they are currently enrolling.
- New Buprenorphine:** (e.g. Suboxone) A client currently prescribed buprenorphine by a doctor to treat their opioid addiction. This includes clients who are receiving their medication outside the program in which they are currently enrolling.
- New Injectable Naltrexone:** (e.g. Vivitrol) A client currently prescribed injectable naltrexone by a doctor to treat their opioid addiction. This includes clients who are receiving their medication outside the program in which they are currently enrolling.
- Federal Probation:** Federal probation clients are under the supervision of the Federal government.
- Federal Parole:** Federal parole clients are under the supervision of the Federal government.

Remember if the client was either on State Probation or on State Parole prior to incarceration that would cease due to violation.

►14. Do you have children?

Check only one box.

The choices are:

- Yes
- No
- Refused

If the client selects 'No' or 'Refused', skip to Question 15.

If the client selects 'Yes', answer Questions 14a-d.

14a. Number Children Under 6

Enter number of children less than 6 years of age.

14b. Number of Children 6-18

Enter number of children between the ages of 6 and 18 years.

14c. Children Over 18

Enter number of children over 18 years of age.

14d. Are any of your children of the Native American race? (i.e., American Indian)

Answer 'Yes' if any of the children are of Native American/American Indian heritage. Answer 'No' if none of the children of Native American/American Indian heritage.

The choices are:

- 1** Yes
- 2** No

►15. Are you the primary caregiver for any children?

Check only one box.

The choices are:

- Yes
- No
- Refused

Prompt

- **If the client is the primary caregiver of children you must assess as to the children's welfare and what arrangements have been made for their care in your full clinical assessment.**

- If the client is involved with DCF and has an open service plan, the correctional counselor should contact the DCF case manager. (A list of DCF area offices can be found at www.mass.gov/DCF).
- For a list of Child Care Resource and Referral Agencies in Massachusetts go to: http://www.workworld.org/wwwwebhelp/child_care_resource_and_referral_agencies_ccr_r_massachusetts.htm

►16. Employment at the time of Enrollment

This item is a National Outcome Measure; reporting is required by SAMHSA.

Always enter '10' Not in the Labor Force- Incarcerated

►17. Number of days worked last 30 days

Enter the number of days worked in the **30 days prior to being admitted** to the program.

►18. Where do you usually live?

This item is a National Outcome Measure, reporting is required by SAMHSA.

Check only one box.

The choices are:

- 1** House or apartment
- 2** Room/boarding or sober house
- 3** Institution
- 4** Group home/treatment – treatment is provided within the house
- 5** Shelter/Mission
- 6** On the Streets
- 7** Foster Care
- 88** Refused

Where has the client spent/slept most of the time over the last 12 months?

- If the client has been in a residential treatment program, select 'Group Home'.
- If the client was incarcerated, select 'Institution'.

►19. Who do you live with?

Always check 'Alone'.

►20. Use of Mobility Aid

Check all that apply.

The choices are:

- None
- Crutches
- Walker
- Manual wheelchair
- Electric wheelchair

►21. Vision Impairment

Enter one code from the following choices:

- 0** None: Normal Vision
- 1** Slight: Vision can be or is corrected with glasses/lenses
- 2** Moderate: 'Legally blind' but having some minimal vision
- 3** Severe: No usable vision

►22. Hearing Impairment

Enter one code from the following choices:

- 0** None: Normal hearing requiring no correction
- 1** Slight: Hearing is or can be adequately corrected with amplification (e.g. hearing aid)
- 2** Moderate: Hard of hearing, even with amplification
- 3** Severe: Profound deafness

►23. Self-Care/ADL Impairment

Enter one code from the following choices:

- 0** None: No problem accomplishing ADL skills such as bathing, dressing and other self care
- 1** Slight: Uses adaptive device(s) and/or takes additional time to accomplish ADL but does not require a personal attendant
- 2** Moderate: Needs personal attendant up to 20 hours a week for ADL
- 3** Severe: Requires personal attendant for over 20 hours a week for ADL

►24. Developmental Disability

Enter one code from the following choices:

- 0** None
- 1** Slight developmental disability
- 2** Moderate developmental disability
- 3** Severe developmental disability

► **25. Prior Mental Health Treatment**

Check only one box.

The choices are:

- 0** No prior mental health treatment history
- 1** Has received counseling for mental health problem
- 2** Has one hospitalization for mental health problem
- 3** Has more than one hospitalization for mental health problem

If the client has received more than one level of treatment listed, code the highest number.

► **26. During the last 12 months, did you take any prescription medication that was prescribed for you to treat a mental or emotional condition?**

Check only one box.

The choices are:

- 1** Yes
- 2** No
- 88** Refused
- 99** Unknown

► **27. Number of prior enrollments/admissions to each substance abuse treatment modality.**

Do **not** count current enrollment in Question 27.

Detox:

Enter one code from the following choices:

- 0** No prior admissions
- 1** One prior admission
- 2** Two prior admissions
- 3** Three prior admissions
- 4** Four prior admissions
- 5** Five or more prior admissions
- 99** Unknown

Residential:

Enter one code from the following choices:

- 0** No prior admissions
- 1** One prior admission
- 2** Two prior admissions
- 3** Three prior admissions
- 4** Four prior admissions
- 5** Five or more prior admissions
- 99** Unknown

Outpatient:

Enter one code from the following choices:

- 0 No prior admissions
- 1 One prior admission
- 2 Two prior admissions
- 3 Three prior admissions
- 4 Four prior admissions
- 5 Five or more prior admissions
- 99 Unknown

Opioid:

Enter one code from the following choices:

- 0 No prior admissions
- 1 One prior admission
- 2 Two prior admissions
- 3 Three prior admissions
- 4 Four prior admissions
- 5 Five or more prior admissions
- 99 Unknown

Drunk Driver:

Select one code from the following choices:

- 0 No prior admissions
- 1 One prior admission
- 2 Two prior admissions
- 3 Three prior admissions
- 4 Four prior admissions
- 5 Five or more prior admissions
- 99 Unknown

Section 35 Commitments:

Select one code from the following choices:

- 0 No prior admissions
- 1 One prior admission
- 2 Two prior admissions
- 3 Three prior admissions
- 4 Four prior admissions
- 5 Five or more prior admissions
- 99 Unknown

Other:

Select one code from the following choices:

- 0 No prior admissions
- 1 One prior admission
- 2 Two prior admissions
- 3 Three prior admissions
- 4 Four prior admissions
- 5 Five or more prior admissions
- 99 Unknown

►28. Currently receiving services from state agency(ies)

These would be state agency services, other than substance abuse, currently being received by the client. Check all that apply.

The choices are:

- None** No services from any state agency
- DCF** Department of Children and Families/ formerly Department of Social Services
- DMH** Department of Mental Health / this does not pertain to all dual diagnosis clients; clients eligible for DMH services are severely and persistently mentally ill; they would be provided with case management services by DMH
- DDS** Department of Developmental Services / former Department of Mental Retardation
- DPH** Department of Public Health / other than substance abuse e.g. HIV/STD, WIC
- MCB** Massachusetts Commission for the Blind
- MCDHH** Mass Commission for Deaf and Hard of Hearing
- Other** Other State Agency

You will note that a number of the State Agencies have been deleted from this list. This is because BSAS has associated a number of client types with the corresponding state service. In that the client is an inmate in a House of Correction, the correct state service will automatically be associated. Do not mark 'Other' in this instance.

►29. Number of arrests in the last 30 days

This is a National Outcome Measure, reporting is required by SAMHSA.

Enter number of times the client was arrested in the last 30 days.

Section 35 is not an arrest, it is a civil commitment

►30. History – Substance Mis-Use / Nicotine/Tobacco / Gambling

This item is a National Outcome Measure, reporting is required by SAMHSA.

This series is intended to elicit information about the client’s substance use, tobacco use, and gambling (RE: gambling, please refer to regular gambling activity in place of ‘use’). Information about the age of first use, the last time a client used a substance/tobacco/gambled, the frequency of last regular use, and the usual route of administration (NA for gambling) needs to be completed for all substances/substance categories, tobacco and gambling listed as A-Y on the history matrix.

The choices include:

A	Alcohol	
B	Cocaine	
C	Crack	
D	Marijuana/Hashish	
E	Heroin	
F	Prescribed Opiates Misuse/non-medical use of pharmaceutical opiates which were prescribed <u>for</u> the client. (e.g. pain management)	e.g. Oxycodone/Oxycontin Hydrocodone/Vicodin Methadone
G	Non-prescribed Opiates Non-medical use of pharmaceutical opiates which were not prescribed for the client (i.e., diversion)	e.g. Oxycodone/Oxycontin Hydrocodone/Vicodin Methadone
H	PCP	
I	Other Hallucinogens	e.g. LSD, Mescaline, Psilocybin – Street names include Magic Mushrooms
J	Methamphetamine	e.g. Desoxyn - Street names include Base, Crystal, Ice, Crystal Meth
K	Other Amphetamines	e.g. Biphphetamine, Adderall, Dexedrine – Street names include Uppers
L	Other Stimulants	e.g. Ritalin
M	Benzodiazepines	e.g. Valium, Xanax, Serax, Ativan, Klonopin, Librium and Tranxene – Street names include Libs, Benzos, Vees
N	Other Tranquillizers	e.g. Thorazine, Haldol, Clozaril, Risperdol
O	Barbiturates	e.g. Amytal, Nembutal, Seconal, Phenobarbital
P	Other Sedatives/Hypnotics	
Q	Inhalants	
R	Over the Counter	
S	Club Drugs	e.g. MDMA/Ecstasy, Rohypnol, GHB, Special K – Ketamine
U	Other	
X	Nicotine/Tobacco	
Y	Gambling	See Q 32a for types of gambling

Tip

- For pharmaceutical drugs that were prescribed for the client, only mark misuse (more than the recommended dosage) or non-medical use. (Example - If a person were prescribed benzodiazepines for a mental health disorder and only took as prescribed, you would not list that on the history table.)
- Note: For the safety of the client, you must have all drugs currently being taken listed in their client record.

Below are the general instructions for completing the history questions:

Have you ever used?

Enter 'Y' for Yes and 'N' for No. If the answer is No, skip to the next substance.

- **Please check either 'Y' or 'N' under the use status column.**
- **Do not leave it blank as it becomes a data quality issue. (Was it really a 'no' or was the question not asked?)**
- Data entry person needs to answer 'Yes' or 'No' before moving on – Unknown is not a choice.
- It is acceptable to draw a downward arrow through the appropriate column.

Age of First Use

How old was the client the first time he/she got intoxicated? How old was the client the first time he/she used a particular drug?

Note that for alcohol the question is 'age of first intoxication' not 'first use'.

Last Use

When was the last time the client used this substance?

Enter one of the following codes:

- 1** 12 or more months ago
- 2** 3-11 months ago
- 3** 1-2 months ago
- 4** Last 30 days
- 5** Used in last week

Frequency of Last Use

If the client has stopped using this substance, code how frequently he/she used the substance previously. This question was worded this way in recognition that many clients detox either through treatment or on their own before entering particular programs and also that some clients have a complicated history of substance use.

Enter one of the following codes:

- 1** Less than once a month
- 2** 1-3 times a month
- 3** 1-2 times a week
- 4** 3-6 times a week
- 5** Daily
- 99** Unknown

Usual Route of Administration

Enter one of the following codes:

- 1 Oral
- 2 Smoking
- 3 Inhalation
- 4 Injection
- 5 Other

31a. Number of cigarettes currently smoked per day

Always enter Zero (0) as inmates in Houses of Correction are not allowed to smoke.

31b. Interest in stopping nicotine/tobacco use

Always check '4' - Does not apply (already stopped)

32a. Types of last regular gambling prior to incarceration.

Check all that apply. For those clients with a gambling history noted in Question 30, check all types of last gambling done on a regular basis. If no gambling history, skip Question 32 and go to Question 33.

The choices are:

- Lottery -Scratch Tickets
- Lottery – Keno
- Lottery/Numbers Games
- Slot Machines
- Casino Games
- Card Games
- Sports Betting
- Bingo
- Dog/Horse Tracks, Jai Alai
- Stock Market
- Internet Gambling

32b. Have you ever thought you might have a gambling problem or been told you might?

Check only one box

The choices are:

- 1 Yes
- 2 No
- 88 Refused

►33. Ranking of Substances

Rank substances by entering corresponding letter for substances listed above in Question 30.

A primary substance must be marked. If there is no Secondary or Tertiary Substance of choice, leave the field blank. If a Primary Secondary or Tertiary substance is listed the previous questions must be completed.

Nicotine/Tobacco and Gambling CANNOT be marked as a primary, secondary and/or a tertiary drug. This applies for substances A through W only.

If the client is unable to evaluate their preference /addiction to particular substances, the perceived severity may be determined by the clinician. If the client is unable to evaluate, the clinician should use the following in making a determination:

- Pattern and frequency of use
- Degree of present or past physical, mental, social dysfunction caused by the substance
- Degree of present or past physical or psychological dependence on the substance, regardless of the frequency of use of a specific drug.

►34. Last Needle Use

Check only one box.

The choices are:

- 0** Never
- 1** 12 or more months ago
- 2** 3-11 months ago
- 3** 1-2 months ago
- 4** Past 30 days
- 5** Used in last week

►35a. How many overdoses have you had in your lifetime?

Enter the number of overdoses the client reported having in their lifetime.

►35b. How many overdoses have you had in the past year?

Enter the number of overdoses the client reported having in the year prior to admission.
